

WISA Arnhem

At WISA we design, develop, manufacture and sell sanitary products since 1865. From our head office and factory in The Netherlands we have been engaged in sanitary ware for almost a century and a half. Growing over the years in flushing technology, we nowadays offer a complete assortment of toilet systems, vitreous china, toilet seats, plumbing accessories and Wellness products.

Warranty

With WISA you choose for a secure installation. So without hesitation we offer you a full 10 year guarantee

WISA takes its responsibility a step further and offers a 25 year guarantee on the supply of spare parts.

For information on our other products please check our catalogue or website www.wisa-sanitair.com.

WISA® Control panels for
concealed cisterns

Attractive on the outside, smart on the inside

Compact and slim

Trendy materials

Contemporary design

Choices

Dual Flush or Flush Interruption

With the XS control panels Argos, Maro and Delos you can choose a model with Dual Flush (3 or 6 litres), or with Flush Interruption.

Mechanical or pneumatic control

By changing the flush valve lifting mechanism you can very easily convert the cistern from mechanical to pneumatic control and vice versa.

The line of mechanical control panels are characterized by the square push buttons, where the pneumatic control panels have distinctive round push buttons

Top or Front control

The concealed cisterns XT 83cm and 98cm offer the possibility for both top control or front control. The cistern XT 112cm has front control.

Easy installation

- All components pre-installed.
- Due to the compact frame we offer a solution for any construction situations.
- Easy changing from mechanical to pneumatic operation, and vice versa.
- Easy accessibility to the cistern.

Consumer convenience

- A great choice in design, material and application.
- Contemporary materials.
- Dutch design and manufacturing.
- 10 year product warranty and 25 year guarantee supply of spare parts.
- Excellent quality.
- Powerful flushing.

Design and technology meet in the latest innovation by WISA. A line of contemporary control panels for the WISA XS concealed cisterns. The control panels are ultra-thin, compact, and designed that visually they seem to be detached from the wall. Dutch design in combination with modern and trendy materials like glass and stainless steel give bathroom or toilet a stylish appearance.
